

# Rock Detective Heroes

Most Rock Detective samples have been donated by kind-hearted mining companies, quarries, and rock-hounds. We also owe a debt of gratitude to those generous people who have donated packaging supplies, professional services, or Earth Science expertise. Many thanks to all!

## Donated Samples

### Mining Companies and Quarries

Hess Pumice Products, Malad City, ID  
J.C. Orr & Sons, Inc, Altoona, PA  
LaFarge Corporation, Towson, MD, USA
